Sources: Base Map data was digitized from 1989 and 1991 photography by Hazen Inc. This data has not been field checked by BSB GIS. Changes occurring after the date of photography may or may not be reflected in the base map.  
 Section lines were originally from USGS 1:24,000 D.G. data and have been upgraded in some of the Urban Area by GPS points obtained from TerraWest and BSB GIS.  
 The Priority Road Operable Line boundary was provided by CDM Federal Programs, Helena, MT, and the PRP group (NE boundary), it was December 2005 when adjustments and changes were authorized by SA#179.  
 Zoning boundaries were digitized by BSB GIS from 1978 and 1987 zoning maps. Inaccuracies are known to exist. Any decisions as to land use should be made from the zoning ordinances themselves. No liability will be assumed by the Butte-Silver Bow Government for decisions based on determinations made exclusively from this map.
